Frederick M. Tudda, Principal

March 18, 2019

Dear Parents/Guardians,

The recent change in weather is an indication that spring is quickly approaching. This means that our children will soon be able to play outside again. It also means that the landscapers for our academy have begun to take care of our grass and trees. Our "Spring Cleaning" has begun!

The landscapers are using chemicals on our lawn. This will be done on a regular basis. The chemicals are not life threatening. However, it is recommended that children do not touch the grass and then their eyes. The chemicals will irritate their eyes.

Please supervise your children as they enjoy this time of year and play on the grass after school. Remember, safety first!

Sincerely,

Frederick M. Tudda
